

Cloud ERP assessment

# Unlock your digital future with PwC

**PwC's Cloud ERP Assessment** is a 3 day complimentary service that we provide to help our Growth-Market clients gain a perspective on their current landscape and the potential benefits of moving to SAP S/4HANA Public Cloud

## Assessment outcomes

To explore the intended value and achieve the desired outcomes from your investment, we embark with you on a preliminary assessment of your **digital transformation journey** that goes beyond a technology 'lift and shift.'

Our complimentary Cloud ERP Assessment will enable you to gain a deeper understanding of your business landscape and how you can best leverage SAP S/4HANA Public Cloud ERP to deliver on your vision.

### Readiness assessment

Assess the readiness of your current business landscape.

### Strategic Roadmap

Develop a strategic roadmap to recognise intended value and desired outcomes of your investment.

### Cost benefit analysis

Costing estimates to provide a transparent view of value to cost.

### Mitigate risk

An early assessment provides the opportunity to highlight any potential risks to your business.

### Expert advice

Share expert and industry best practice advice enabling you to leverage the latest edge technology.

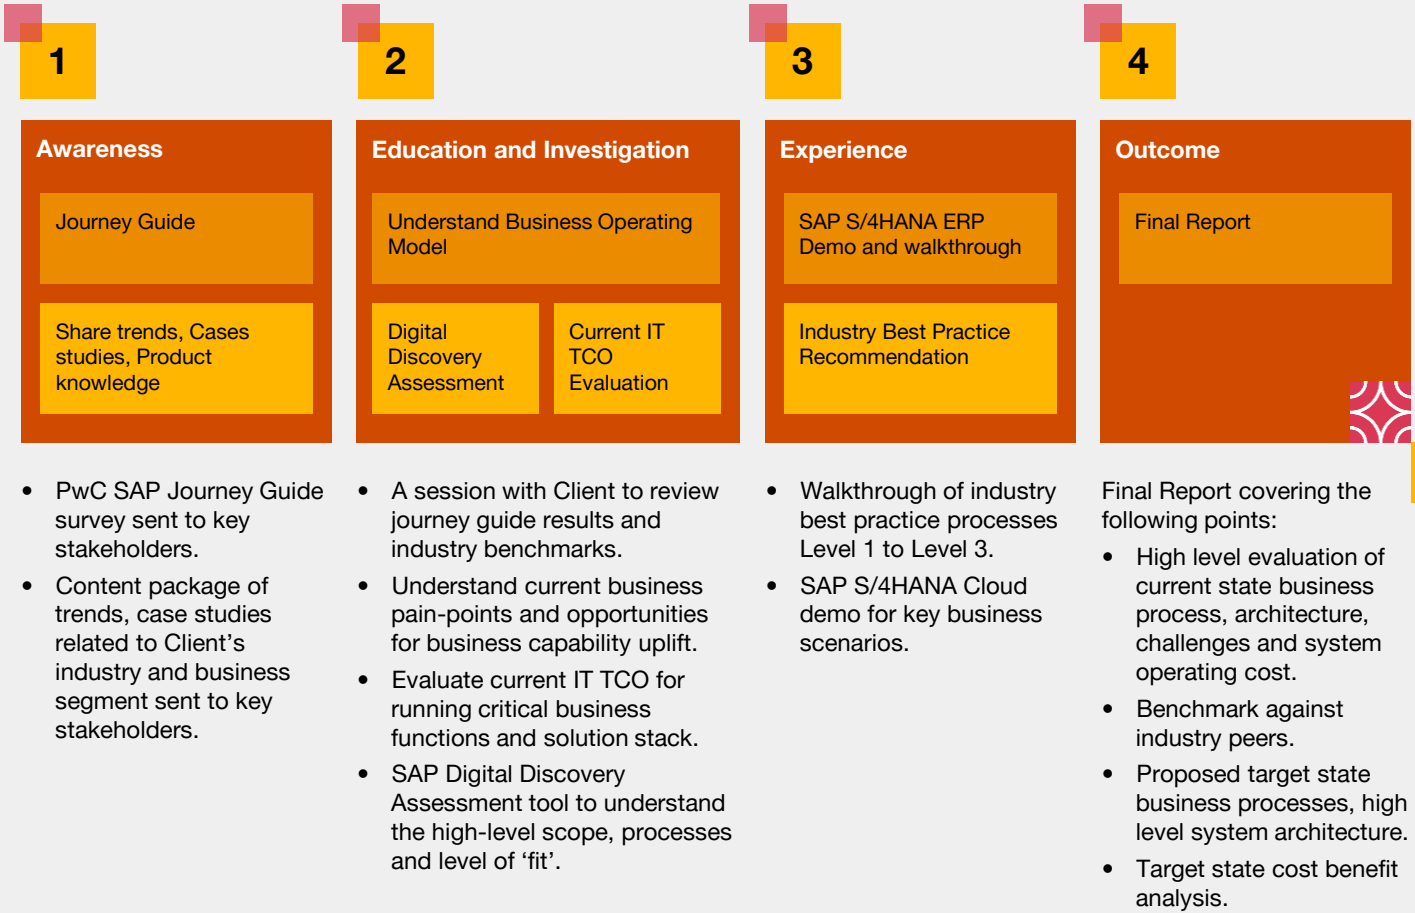

### Journey guides

Provide visual representation of the value your business will derive from a move to cloud.

# Building a Cloud ERP Solution around your Business

At PwC, we will work with you and your business to build a solution for your future

Connect with us for a complimentary consultation and assessment on your SAP S/4HANA journey
