**Great Southern Plantations Scheme 2006**

**(the Scheme)**

#### **Contents of report**

In accordance with ASIC Instrument 2015/251 and s601NFA of the *Corporations Act 2001 (the Act)*, we provide the following report relating to the Scheme for the 12 month period ending 3 July 2017:

1. **Background to appointment**
2. **GPL's role as RE**
3. **Sale of assets**
4. **Other funds available to Scheme members**
5. **Actions taken during the previous 12 months**
6. **Actions required to complete the winding up**
7. **Estimated time to complete the winding up**
8. **Return to Scheme members**
9. **Receipts and payments**

#### **1. Background to appointment**

Messrs Craig Crosbie, Daniel Bryant and Ian Carson were appointed as Joint and Several Administrators of the Gunns Group of Companies (listing of all entities can be found in Annexure A) (**Gunns Group**) on 25 September 2012.

On the same date, Messrs Mark Korda and Bryan Webster of KordaMentha were appointed as Receivers and Managers of the Gunns Group by the parties who provided credit facilities to the Gunns Group under a Facility Agreement dated 31 January 2007 (**the Lenders**). The Receivers were not appointed to Gunns Plantations Limited (In Liquidation) (Receivers and Managers Appointed) (**GPL**) in its capacity as responsible entity (**RE**) of the managed investment schemes.

## 2. GPL's role as RE

GPL's role as RE of the Scheme was to establish, manage and administer the Scheme including plantation maintenance and the harvesting and sale of the plantation tree crop.

## 3. Sale of assets

Most of the land used in the Great Southern Plantations 1998 to 2006 Schemes (**GSP Schemes**) was owned by The Trust Company (Australia) Limited as trustee for the Forestry Investment Trust (**FIT**). In October 2013, the RE agreed to:

- surrender the leases on the land owned by FIT and used in the GSP Schemes (**FIT Land**)
- sell the trees located on the FIT Land (**GSP Trees**) to FIT; and
- extinguish the rights of Growers in the GSP Schemes to the FIT Land, leases and GSP Trees (**FIT Sale**).

The proceeds from this transaction were \$38.5 million (**Sale Proceeds**).

As the FIT Sale involved the sale of trees used in each of the nine GSP Schemes, the Sale Proceeds had to be allocated between the nine GSP Schemes. Once the Sale Proceeds were allocated between the GSP Schemes, they would be used to pay certain costs approved by the Supreme Court (**the Court**), with the balance subsequently distributed to members of the relevant GSP Schemes.

The Court ultimately approved the allocation of Sale Proceeds between the GSP Schemes as follows:

<b>GSP Schemes</b>	<b>Gross Scheme allocation<sup>1</sup> (\$'000)</b>
GSP 1998	-
GSP 1999	-
GSP 2000	921
GSP 2001	577
GSP 2002	5,745
GSP 2003	16,469
GSP 2004	5,283
GSP 2005	5,359
GSP 2006	4,146
<b>Total</b>	<b>38,500</b>

### Notes:

1. Gross Scheme allocation is an allocation of the gross proceeds received, i.e. before consideration of any costs
2. Interest earned on Sale Proceeds up to date of distribution is not included in the table above, but is for the benefit of Scheme Members at the distribution date.

## 4. Other funds available to Scheme members

Other Scheme funds available for Scheme members included:

- General Scheme funds (post-appointment) – the Liquidators' entered into arrangements with landowners to settle potential claims against the RE for outstanding rent. These arrangements included:
  - Harvesting of trees and sale of woodchips
  - Sale of trees to third party landowners.

Interest accrued on the above funds is also for the benefit of Scheme members.

## 5. Actions taken during the previous 12 months

The Liquidators' commenced winding up the Scheme on 4 July 2016.

The key tasks completed since the winding up commenced include:

- Asset realisation: realising further Scheme assets located on land owned by private landowners
- Cost approval: obtaining approval from the Court for costs incurred by the Liquidators relating to the Scheme
- Commenced distribution of the Scheme funds, including:
  - Updating the grower registers to ensure contact and banking details were correct to facilitate the efficient distribution of funds
  - Resolving competing claims to Scheme proceeds from third party financiers who had provided financing to Scheme members
  - Seeking clarification from the Australian Taxation Office on taxation matters relevant to the distribution
  - Facilitating the distribution of proceeds to c48,000 investors across eight GSP Schemes and seven Gunns Woodlot Schemes.

## 6. Actions required to complete the winding up

The following actions need to be completed by the RE to complete the winding up of the Scheme:

- Complete remaining distributions to Scheme members, mainly third party financier competing claims
- Terminate any agreements the RE has with third parties regarding the Scheme, primarily remaining leases with third party landowners
- Obtain Court approval to pay Scheme related costs out of Scheme proceeds
- Manage unclaimed monies and send these to ASIC
- Lodge Form 5138 with ASIC advising completion of winding up.

## 7. Estimated time to completion of the winding up

We expect that the Scheme will be wound up within the next 12 months. Any delay in winding up the Scheme is likely to be the result of timing of obtaining Court approval to pay Scheme related costs.

## 8. Return to Scheme members
