## Grower update – 6 October 2017

### This update relates to Great Southern Plantations Schemes 1998 to 2006 (Schemes)

Pursuant to ASIC Instrument 2015/251 and Section 601NFA of the *Corporations Act 2001 (the Act)* we have lodged with ASIC a report for the Schemes detailing information about the progress and status of the winding up of the Schemes, including details of:

- the actions taken during the previous 12 months
- the actions required to complete the winding up
- the estimated time to complete the winding up
- return to scheme members
- receipts and payments for the scheme during the period.

We have uploaded a copy of each scheme report to our website. Please refer to the link below:
